CAMP OCKANICKON SPECIAL

SPECIAL RATES FOR SCOUT TROOPS STAYING AT CAMP OCKANICKON for 2011 SEASON

Bucks County River Country is offering an extra **\$2.00** off per person of our already reduced group rates for scout troops while they are staying at Camp Ockanickon. Your rate for tubing will be **\$12** per person and rafting is **\$15** per person on weekdays. This rate cannot be combined with any other discounts or coupons and is not available on Weekends or Holidays. See 2011 price sheet for additional rate information.

We can also provide transportation to Bucks County River Country from Camp Ockanickon if needed. An additional cost of \$30 per bus for roundtrip will be charged.

Reservations should be made in advance. We need name of group, group leader, address and day and evening phone numbers, date and time of trip, which activity, the quantity of equipment, the number of people. Specify how many children and counselors if applicable. Youth organizations qualify for 1 free counselor for each 10 paying children. We also require a security deposit of \$50 for tubing or \$10 per boat for boating. You must notify us at least 3 days in advance of your trip for cancellations or the deposit will not be refunded. This is refunded at the end of your trip if applicable. (All policies must be followed and equipment returned in good condition)

No effort is spared to assure you a safe experience. However river activities have inherent risks and dangers. Everyone will be asked to sign a waiver and release of liability. **A parent or legal guardian must sign for anyone under 18.**

1. The Delaware is a RIVER, not a controlled pool. The average water depth is 1 to 4 feet, with a few deeper pools of 7 feet in depth and there will be small rapids and rocks.
2. There are no safety personnel on the river, nor are there any lifeguards.
3. All attendees must wear their lifejackets at all times during their float.
4. Footwear (i.e. an old pair of sneakers, water shoes, or secured sandals) is highly recommended because the riverbed is very rocky. Sun block is also recommended.
5. If any group member gets out of their tube or boat at any time, they **MUST** hold on to it, for the current or breeze can take it away.
6. Every one must stay close to his or her counselor(s). We recommend a minimum of 1 counselor for every 10 children. Tubing is not recommended for **camps** with children under the age of 10. We recommend rafting with 1 counselor and 3-4 children per raft (4-hour trip only).
7. Personal beverages are not permitted on any of our outings. You may purchase your beverage at the Riverside Café you may use your own insulated jug or buy one. Food is not permitted on tubing trips. Canoers and rafters may bring a picnic lunch in a **small playmate-sized** cooler. Please get any needed supplies at the Riverside Café or River Supply Store before informing us that you are ready to board the bus. There are group food packages available at the Riverside Café.

Please review the planning and scheduling of your trip. We have 2, 3, and 4-hour tubing trips, but please allow up to 90 minutes in addition to your actual float time. This is the average time it takes to move a group, taking into consideration all before and after procedures. Of course, that time may be less, but better safe than sorry, especially if you have to be back at a particular time. Rafting trips take 4 hours, canoeing trips take 2.5 hours, kayaking trips take 2.5 hours, plus the 90-minute processing time.

When you arrive at our facility, please have a representative come to our administrative office to let us know you're here. The office will direct you to a group area. You are then to have everyone gather in that group area, do a final head count, and bring payment and deposit to our group representative who will then inform your group of our policies and escort your group to the appropriate area. **YOU** are responsible for ensuring that your group is cooperative with the River Country staff. We require that your group be attentive to all staff and move in a single file line to get their equipment and life jackets, in addition to boarding the bus. Your group must give their full attention at all times so they can be informed of further information to make their outing a success.
